

Wanted: Partners to help people with disabilities!

How can you help people with disabilities in Lancaster County?

Partner with The Arc of Lancaster County and Community Aid to serve our community by allowing a Community Aid clothing collection bin to be placed for The Arc on your property.

The Arc of Lancaster County receives a donation per pound of clothing placed in the bins. Community Aid will empty the bin at least once a week, and maintain the bin and surrounding area.

Contact The Arc of Lancaster County at info@thearcoflancasterco.org or 717-394-5251 to learn more.

Why should I place a bin at my location?

1. There is no cost to you for the placement of the bin so you can support The Arc of Lancaster County financially without it affecting your cash flow.
2. The clothing collection bins show the public that your business or organization supports our community.
3. The bins increase awareness for your business or organization with Community Aid's easily recognizable logo and design of "three helping hands". The Arc includes the locations of the bins in our marketing materials and on our website.
4. Most important of all, proceeds from clothing collected at your site support people with disabilities and their families through Community Aid's financial support to The Arc of Lancaster County.

What happens to the clothing collected?

Community Aid sells the donated clothing in their thrift stores, with one newly opened and located right here in Lancaster County at 31 Rohrerstown Road. All items are sold at the most affordable prices. Community Aid offers Care Cards, which can be used to purchase clothing and shoes for individuals and families in need, and are available through The Arc of Lancaster County.
